GDCMSKLM EDUCATION CHANNEL

The COVID-19 pandemic caused relentless disturbances to the routine teaching and learning process (TLP) across the globe, especially in India where almost all the educational institutes from schools to higher educational institutes like colleges and universities closed for one year. As education is a continuous learning process and keeping the pandemic situation in mind, the Government of India prestigiously established a program **Bharat Phade Online** to resume the TLP. Through this platform all the educational institutions start teaching in virtual mode for the benefit of students. In addition to that utilization of MHRD online portals like Swayam, Swayam Prabha and e-Pathashala increased enormously. In Andhra Pradesh, the Commissionerate of Collegiate Education (AP-CCE) also established Learning Management System (LMS) to promote e-learning and development of online content for all the UG courses. With this motive the Government Degree College (Men)-Srikakulam also started You Tube channel for online live classes in the name of **GDCMSKLM Education Channel** under the chairmanship of Smt. Y. Lakshmi, Principal (FAC) on 10-08-2020. Since then the channel running successfully with ~ 550 subscribers, + 6700 views, ~ 20K minutes of watches and 600 likes.
